- Knowing of Docker
- Knowing of Agile
- Language: French and English
- Experience with client technologies like Bootstrap, React

Cultural Fit

- Flexibility and motivation
- Strong team spirit, transparent communication, and self-management
- Quest for constant learning (new technologies & blockchain)
- A real passion for technology, security

Personal Requirements

- Ability to work for and in a team
- Autonomous worker, able to work independently
- Excellent problem solving and debugging skill

About Wecan

Wecan is a Swiss based company created in 2015. We co-create, run and scale joint ventures to transform socio-economic paradigms through pioneering blockchain solutions. We address our partner's needs in different industries through our blockchain competencies and a co-creation process.

Our vision

At Wecan, we believe that successful digital technologies are built around people and they are shaped by people's needs. After an era of exponential digitalization growth, the rise of mobile phones dramatically increased the usage of online service... We believe that the next ten years will increasingly focus on trust, privacy and security. We believe that blockchain and decentralized infrastructure are a much-needed change of the way digital services have been built up to now. And we firmly believe that it is urgent to start putting those features at the heart of business models right now.

Why join Wecan?

From your first day, you will actively contribute to the Blockchain innovative project using by companies with national and global reach. You will be working on project to reshape businesses, invent new products, and transform some paradigms using the latest technologies.

Could we spark your interest?

We look forward to receiving your application!
